Professional Summary

Systems Engineer focused on L1/L2 support, IT infrastructure and networks. Technical experience at Inter-Tech and STS Security, regional case management at Amazon ERC, and computer science instruction. Holds a professional master's degree in education sciences with an emphasis in teaching.

Core Competencies & Technical Skills

Support & infrastructure: Hardware, software and connectivity troubleshooting; L1/L2 support; servers, workstations, CCTV and deployments; preventive maintenance.

Networks: VLANs, routing, switching, VPNs, remote access, and network performance and availability monitoring.

Technical training: CCNA curriculum; cybersecurity and Azure fundamentals; software test planning and execution; Access, Power BI and JavaScript.

Service & communication: Case documentation and follow-up, HRIS, regional support, user education and operational coordination.

Professional Experience

Robotics & Computer Science Instructor | Colegio Ecoturístico del Pacífico

Feb 2025 — Present

- Teach STEAM-based robotics and programming through project-based learning.
- Develop students' computational, analytical, and creative-thinking skills.

Network & Systems Monitoring Technician | STS Security

Jan 2023 — Nov 2025

- Monitored network performance and availability to identify incidents.
- Managed VPN connections, secure remote access, and technical optimization reports.

IT Infrastructure & Support Technician | Inter-Tech Costa Rica

Aug 2019 — Nov 2025

- Provided Level 1 and Level 2 support for hardware, software, and connectivity.
- Administered servers, enterprise networks, CCTV systems, and workstations.
- Performed installations, upgrades, and preventive maintenance.

Professional Experience · continued

Employee Resource Center Specialist | Amazon

Oct 2020 — Aug 2023

- Delivered HR support for North and South American operations.
- Managed inquiries, HRIS documentation, case follow-up, and policy compliance.

Customer Service & Quality Control Manager | GAIA Hotel & Reserve

Jan 2012 — Dec 2018

- Managed service quality and operations.
- Implemented continuous-improvement systems and staff development initiatives.

Education

MAESTRÍA PROFESIONAL EN CIENCIAS DE LA EDUCACIÓN CON ÉNFASIS EN DOCENCIA

Professional Master's Degree in Education Sciences with an Emphasis in Teaching | Universidad Internacional San Isidro Labrador (UISIL) | August 7, 2026

Bachelor's Degree in Systems Engineering

Universidad Internacional San Isidro Labrador (UISIL) | 2023

Licenciatura en Ingeniería de Sistemas

UISIL | In progress; three courses remaining

Selected Technical Training

INA: Software Quality Controller, 561 hours (2023); Computer Networking, CCNA curriculum, 280 hours (2023); Azure Fundamentals, 50 hours (2023); Microsoft Access Databases, 50 hours (2023).

Cisco Networking Academy coursework: CCNAv7 ITN, SRWE and ENSA; IT Essentials; Cybersecurity Essentials.

Languages

Spanish: native. Spoken English: advanced C1, INA (2024).
